

Traffic Control Legend

 Construction Area

 Type-3 Barricades w/ "Do Not Enter" Signs (Eastbound and Westbound)

 Eastbound Detour Route

 Westbound Detour Route

Downtown Crosswalk Replacement Construction Detour

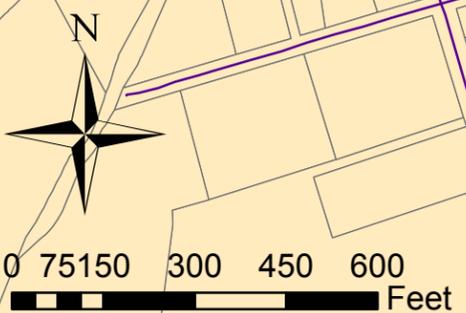

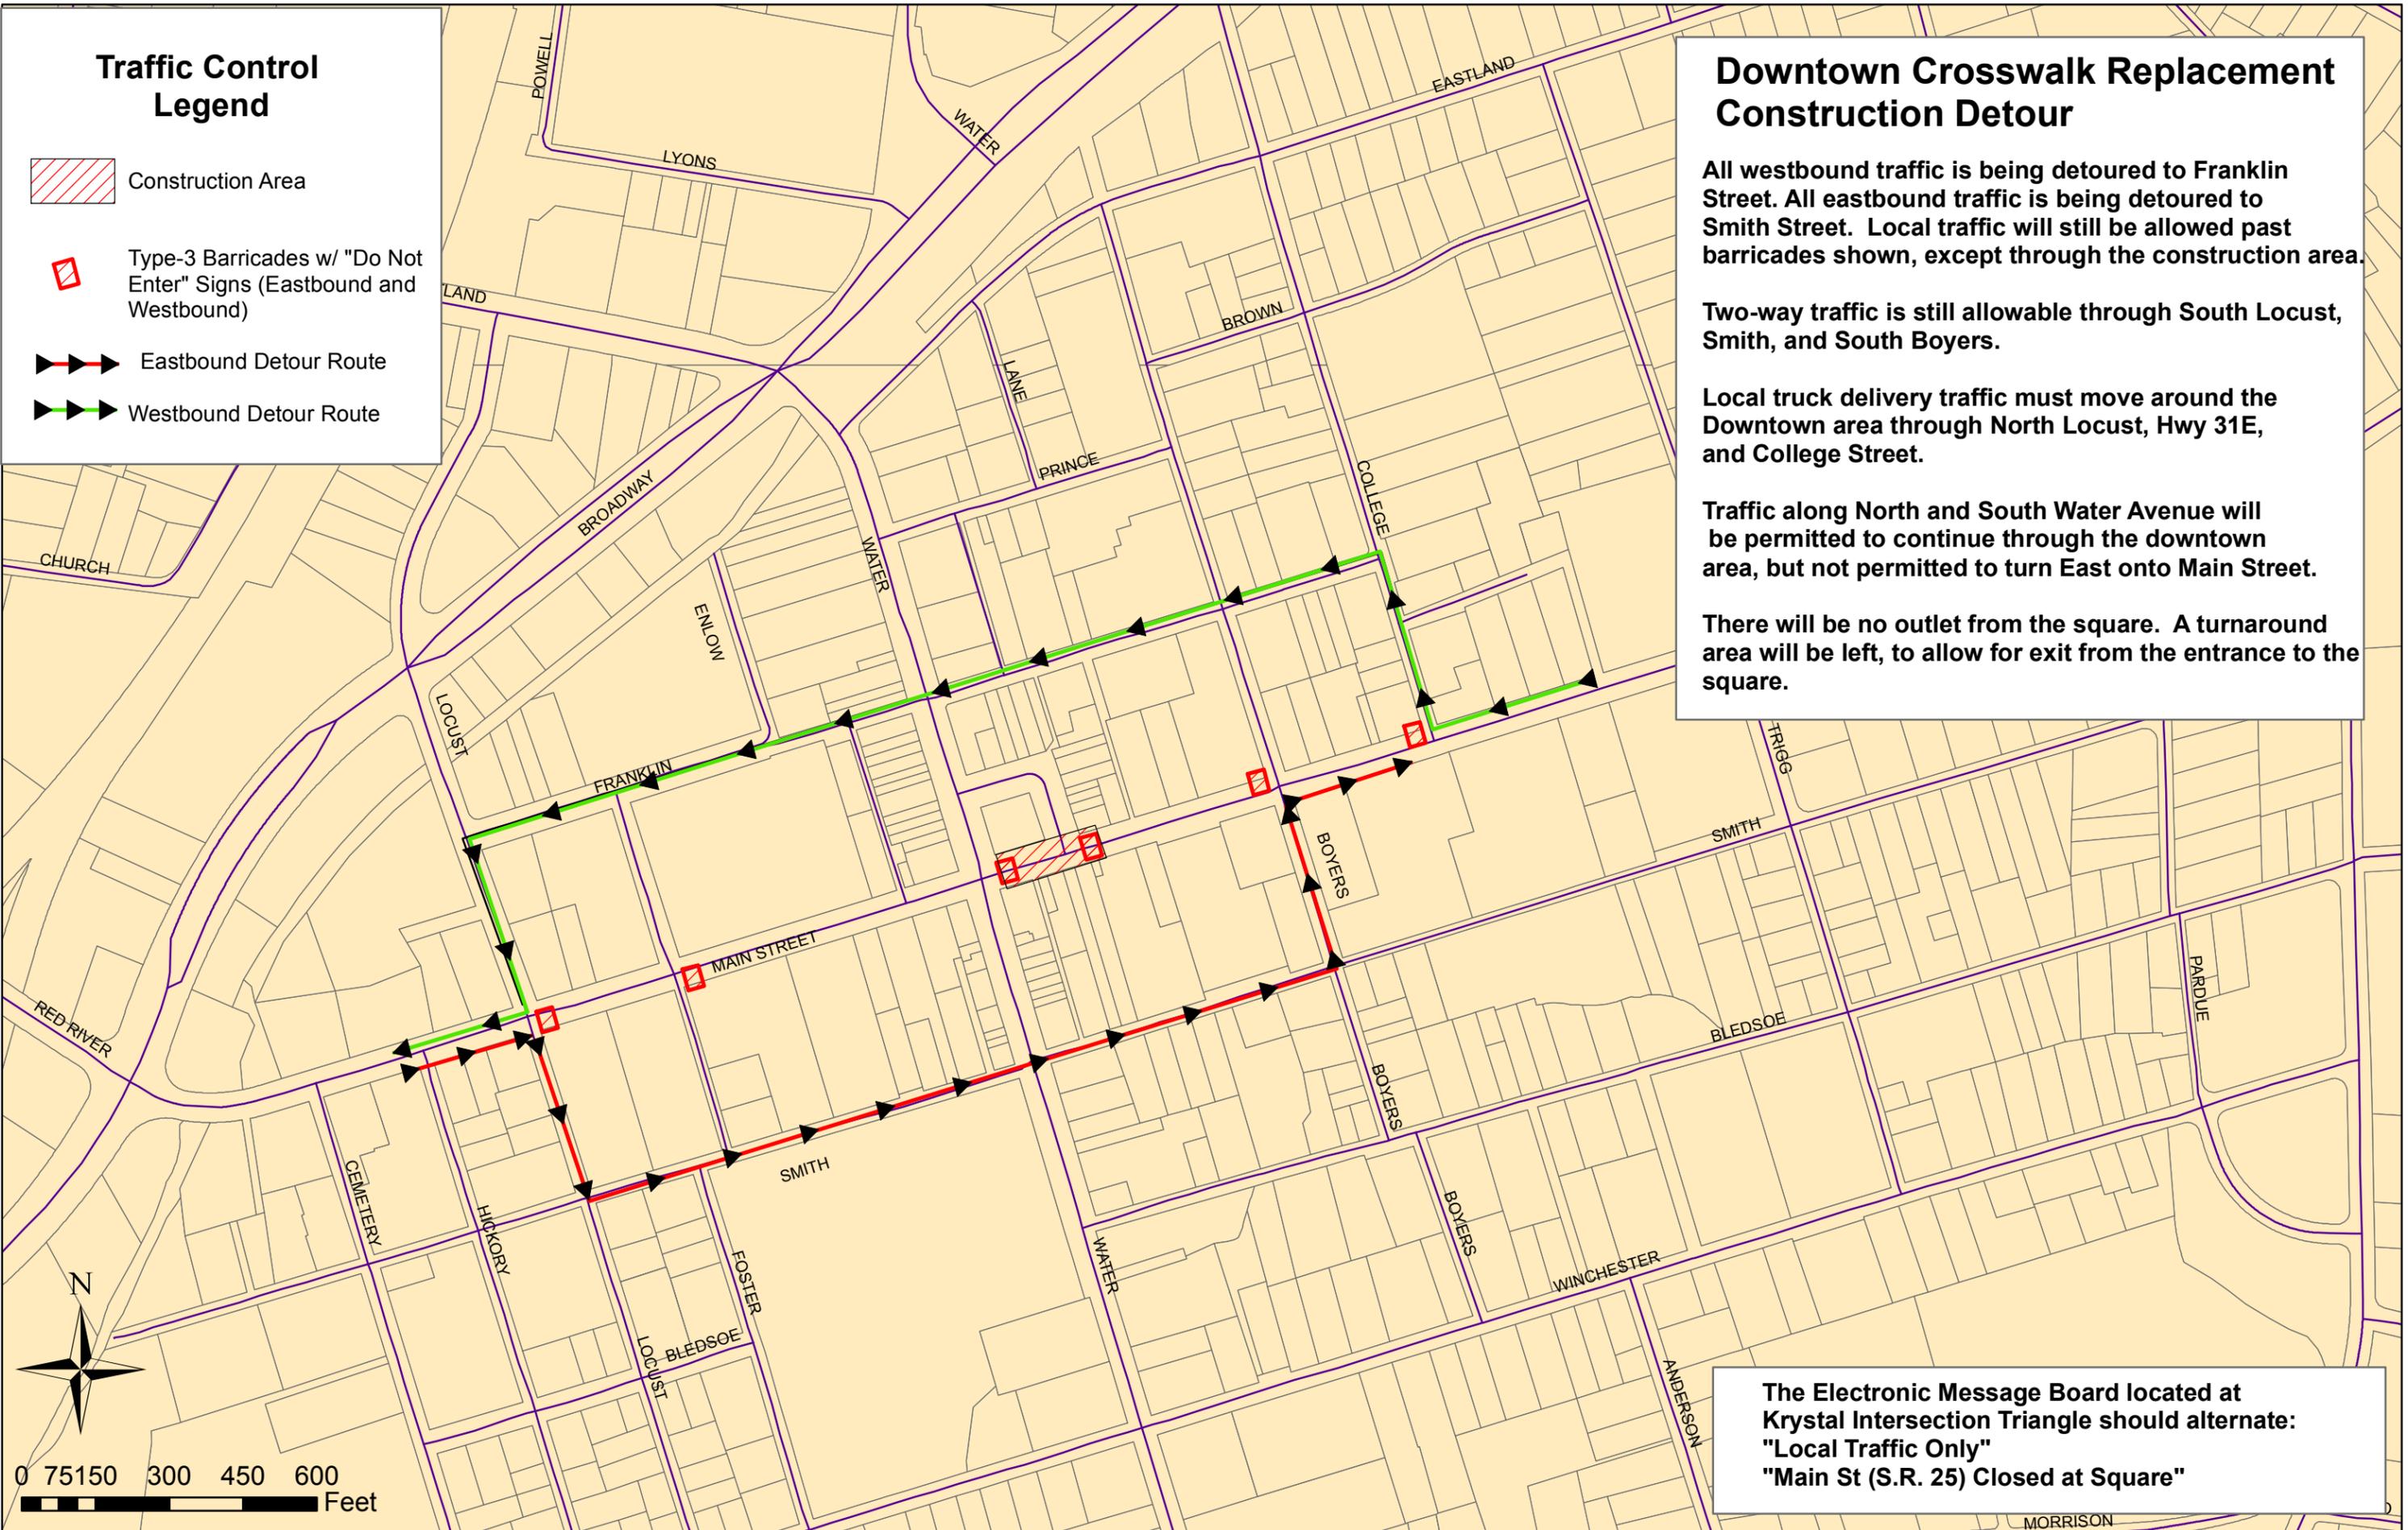

All westbound traffic is being detoured to Franklin Street. All eastbound traffic is being detoured to Smith Street. Local traffic will still be allowed past barricades shown, except through the construction area.

Two-way traffic is still allowable through South Locust, Smith, and South Boyers.

Local truck delivery traffic must move around the Downtown area through North Locust, Hwy 31E, and College Street.

Traffic along North and South Water Avenue will be permitted to continue through the downtown area, but not permitted to turn East onto Main Street.

There will be no outlet from the square. A turnaround area will be left, to allow for exit from the entrance to the square.

The Electronic Message Board located at Krystal Intersection Triangle should alternate:
 "Local Traffic Only"
 "Main St (S.R. 25) Closed at Square"
