

Join us for a presentation on:  
**Sustainable Development for Water Quality**

Site Visit Kick off

**Tuesday,  
August 27th  
10:15 am**

**Meet on Richland  
Circle near the rear  
hospital parking lot  
entrance.**

**For more information,  
contact the City of  
Gallatin Engineering  
Dept. @ 451-5965**

**We are seeking Community  
Involvement!!!**

The City of Gallatin is teaming up with TVA and Eco Systems Inc. to use "Best Management Practices" and restore a neglected section of stream in Town Creek.

Some BMPs that could be used are:

- Rain Gardens
- Riparian/forested Buffers
- Check Dams
- Sand and Organic filters
- Or other measures

To kick off this project we have planned a site visit to have a presentation that will cover the following:

- \*Purpose of TVA Demonstration Project & Site Overview
- \*Defining Green Infrastructure
- \*Using Native Plant Materials
- \*Implementing Practices at Home

**Please plan to attend!**
